## Message from the Chairperson

Dear everyone,

I'm honoured to represent the 32<sup>nd</sup> Student Union in our school magazine as we celebrate the 40<sup>th</sup> anniversary of our school.

As Student Union leaders, we recognize the hard work that comes with our roles. I would like to sincerely thank the previous Student Union, *Spark*, for their dedication over the past year and invaluable experiences provided to us. I also appreciate the support from all students, whose trust has allowed us to serve in the Student Union. Lastly, I thank every member of the Student Union, for your collective efforts that have shaped our organization and guided our peers toward a brighter future.

"*Future*" symbolises the endless possibilities that lie ahead. Our slogan "*Future awaits, unlock your gates.*" encourages everyone to take charge of their destinies. While challenges may arise, we aim to help each student overcome obstacles and explore new opportunities. Let's embrace our futures together and embark on a remarkable journey!

Our mission at *Future* is "*Your vision, our mission.*" We are committed to advocating for student benefits both within and outside the school. We want the Student Union to serve not only as an organisation, but also as a platform for showcasing talents, building friendships and realizing dreams. We plan to host diverse activities, provide learning resources, and promote collaboration like our SingCon (singing contest), aiming to enrich campus life and help all students discover their values.

On behalf of *Future*, I promise we will work with all the members to create more beneficial activities and services, fostering a vibrant campus filled with dreams.

I extend my congratulations to celebrate our school's 40<sup>th</sup> anniversary in 2024. Over the years, the school has nurtured generations of students. With improved teaching resources and upgraded facilities, we strive to provide a comfortable learning environment. This year's celebration theme, "*Truth Shines Life Grows*," reminds us that learning helps us pursue truth and explore the unknown. As we seek knowledge, it lights up our path and fosters personal growth. I encourage all students to remain steadfast in pursuing their dreams, and overcoming challenges with resilience. *Future* is here to support you every step of the way.

I wish for our school continuing success, thriving students, and expanding horizons. I hope our teachers all the best in their teaching endeavors, and I encourage junior form students to excel academically while enjoying campus life. As for senior form students, don't stress too much as you prepare for your DSE exams. *Future* will be with you throughout the 2024-25 school year as we write a new chapter together. Remember, this is our FUTURE!

Regards,

Han Ziwen

### 賀四十周年校慶

家教會主席尹玉瓊女士

今年是學校慶祝創校四十周年校慶的日子，本人承蒙校方邀請，以家長教師會主席的身份參加這個具有歷史意義的慶祝活動，內心感到非常榮幸。

家長教師會的宗旨是加強家長與學校間之聯繫及合作，使家庭教育與學校教育相輔相成，以及探討雙方共同關注之事項，配合本校教學活動之需要，共謀改善學習環境，提高教育質素。在未來的日子，有賴大家繼續攜手建立互相關懷、互相幫助的校園文化，締造一個健康和諧的校園。讓我們一同實踐「家校合作」的精神，以教育為本，不斷創新與進步，為學生們提供更優質的教育，為國家和社會培養更優秀的人才。

在此恭賀聖公會白約翰會督中學四十周年校慶活動順利圓滿成功！並祝願薪火相傳，再創輝煌！

## *Message from the Chairperson*

I am grateful for the opportunity to join the SKHBBSS Alumni Association in celebrating the 40<sup>th</sup> Anniversary of S.K.H. Bishop Baker Secondary School and to contribute to the development of my alma mater. I feel fortunate to participate in a series of activities for the anniversary, which makes it feel even more meaningful. Reflecting on life at my alma mater reminds me of a film character, 'Nemo', learning all the skills on the beautiful and safe coral reef to prepare for breaking out into the sea, much like we did as students of SKHBBSS. In today's era, changes are radical, and we should have learned the important ability to adapt to changes at our alma mater, "Truth Shines Life Grows," thereby gaining a ticket to society. And what can we bring back to our alma mater? Perhaps I can share how I grew up and the knowledge, skills, and positive attitude that I have learned.

On my journey through life, I have learned the value of positive thinking, the spirit of not being afraid of suffering and failure, and the courage to face any challenges that arise. These skills and rich knowledge enable me to get a job with a generous salary, but this also brings with it a lot of on-duty and extra-duty work. When facing what seem like impossible tasks, I rely on my positive thinking and self-belief to confront these challenges head-on, seeking the skills to become a better version of myself. Some people think of this process of change as pressure, while others see it as motivation. Some people lie down while others remain positive, but I choose to enjoy it because this is my life, my path, and I will walk out of it. What kind of life do you hope to have?

Remember, positive thinking is a valuable tool that must be upgraded to an 'S level,' for even if we have planned, changes are unpredictable. You may study hard and still not get full marks. We must adopt the motto that all experiences and challenges are beneficial to us, as they provide us with the opportunity to seek solutions. If you know how to solve it, the problem will no longer exist.

As the Chairperson of the Alumni Association, I sincerely hope that all the alumni of SKHBBSS will be successful. No matter what your profession is, if you can make a positive contribution to society, you are outstanding. I look forward to all the remarkable individuals giving back to their alma mater and passing on the legacy to the best of their ability so that Bishop Baker can move forward to another 40<sup>th</sup> anniversary.
